☒ Examiner's Statement of Reasons for Allowance

Art Unit: 3712

The following is an examiner's statement of reasons for allowance: Frantello shows an arrow 7 having a magnet 19' which is apparently attached directly to the arrow rear; there does not appear to be any "insert" to which the magnet is attached. Although Laabs shows that a part of an arrow retainer may be attached to an insert which is received in the arrow, there is no suggestion that a magnet could be attached to this insert.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
